COMMISSIONER: MARK MUSCCIGROSSO

SOFTBALL COMMISSIONER: PAT RILEY

ASSISTANT SOFTBALL COMMISSIONER: LAURIE OLIVER

APRIL 2010

ST. ANSELM'S GIRLS SOFTBALL LEAGUE GENERAL RULES

1. AUTHORITY

The authority over all matters in connection with the operation of the League or the League Rules, other than matters reserved to the umpires, shall be the Softball Commissioner. The Softball Commissioner in his/her discretion may delegate some of his/her duties; however, the Commissioner retains the authority to make the final decision on all matters concerning the operation of the League and the League Rules, other than matters reserved to the umpires.

2. BEVERAGES

Beverages other than water, juice, milk or soft drinks are not permitted at the playing field.

3. CODE OF CONDUCT

The action of players, parents, managers, coaches, spectators, umpires and League officials should at times display the ideals of fair play, good sportsmanship, and respect for each other. All organizations participating in the St. Anselm Girls Softball League are responsible for the conduct and behavior of their managers, coaches, players, and parents. Confrontations, excessive arguing, and unruly behavior are not the image that we want to project to the children who play in this league. Organizations that do not, or cannot control their players, managers, coaches, or parents will be removed from the league. If the parents are out of control, the game will be forfeited and the manager will be suspended for one game. . The Softball Commissioner can expel an individual team that violates this code of conduct.

4. DISQUALIFICATION/EJECTION

Each umpire has the authority to disqualify any player, coach, manager or spectator for prolonged or excessive objection to a decision, for unsportsmanlike conduct, for preventing the orderly continuation of the game or for offensive language and shall also have authority to eject such disqualified person from the field. If it becomes necessary for any umpire to disqualify and/or eject any manager, coach, player, or spectator from a game and/or the field, and such ruling is not complied with within a reasonable time to the satisfaction of the umpire, he may declare the game forfeited to the opposing team. All disqualifications or ejections must be reported immediately to the Softball Commissioner.

5. DEFINITION OF TERMS

Dead ball is a ball which goes out of the playing field into territory marked as dead ball area or is stuck in, under or behind a fence, is positioned where a player cannot grasp the ball, is in casual water (e.g., a puddle), has stopped due to mud on the ball, is in a bench or dugout, is touched by anyone other than players in positions on playing field at the time of occurrence or is stuck in umpires equipment.

Dead ball area is the area that is not part of the playing field.

Imaginary pitcher's circle: The umpire will rule that play is dead (*stopped*) when the pitcher takes actual possession of a ball thrown from one of the fielders and steps inside the "*imaginary pitcher's circle*", at that moment, runners will advance or retreat to the closest base. The closest base will be determined by the halfway mark between the bases. Other than play stopped by the pitcher stepping into the circle, or by the umpire calling or "granting" time out, play is alive and the runners can advance at their own risk.

Playing field is the area of foul and fair territory between the chalk lines marking the dead area, which run parallel to the first and third base lines.

Strike zone is generally that space over home plate that is between the batter's armpits and the top of the knees when the batter assumes a natural stance. The umpire shall determine the strike zone according to the batter's usual stance when that batter swings at a pitch.

6. GAME TIME:

A game will be considered official after the completion of the number of innings specified for the division as an official game unless the home team is winning after the completion of the visiting team's time at bat in the last required inning in which event the game will be considered official after the completion of the visiting team's time at bat.

The maximum game time is one hour and fifty minutes from the **actual start** of the game. No inning shall start after the maximum game time has been reached as determined by the umpire-in-chief. Managers should record the starting time of the game in their score book. All books should be signed by the umpire at the beginning of the game with the starting time to avoid any confusion later in the game

7. ILLEGAL PITCH/DELIVERY

The umpire will call "NO PITCH" on any illegal pitch or illegal delivery. If the batter disregards, or does not hear the "no pitch call" and hits the ball safely, she has the option of taking the hit over the no pitch call.

8. MISC:

- The runner is out and the ball is dead if, in the judgment of the umpire, the first or third base coach by touching or holding the runner physically assists the runner in returning to or leaving first or third.

- A runner may not slide beyond the base to break up a double play. A runner who violates this rule shall be called out.

- "Phantom tags" are not allowed. The offending player will be issued one warning and on second notice may be removed from the game at the umpire's discretion.

9. OVERTHROWS

- Into the dead ball area - Runners awarded one base plus the base the runner was going to when overthrow went into dead ball area without jeopardy to be put out.

- Into the playing field (including foul territory) - Runners may advance as far as they can go at their own risk.

- If a runner slides into a base and moves it from its spot, the runner must stay on the spot where the base was, or immediately ask for time out.

10. PLAYING FIELD, EQUIPMENT, GAME PRELIMINARIES

- Uniformed players, their managers and coaches, umpires and League officials are the only persons

permitted on the playing field – no parents.

- Except for the batter, base runners, the player on deck, and the first and third base coaches, all team personnel must be in the bench or dugout.

- A team staff shall consist of a manager and not more than two coaches

- Home teams will occupy the 1st base side of the field. Both teams will clean up their beach area at the conclusion of the game.

- Players may use their own bats as long as they are comparable to those supplied by the League.

- Batters, base runners and on-deck batters must wear helmets.

- Catchers must wear a mask, throat protector and helmet during practice, pitcher's warm-up and games.

11. PLAYOFF TIES

Should there be a tie in the standings for the playoffs, the final positions will be determined by a coin toss (winning percentage, then record against other, then coin toss). The Softball Commissioner will make the toss and then inform both teams as to the outcome. During the playoffs, the game cannot end in a tie. Both the time requirement and the inning limitation are waived in the case of a tie. Should it become too dark to continue, the game will be continued at a time and place decided by the Softball Commissioner

12. PROTESTING GAMES

A protest shall be considered only when based on the violation or interpretation of a playing rule or the use of an ineligible player. The protest can only be made if the manager has a copy of the rules in hand and can show the umpire the rule that is being protested. If the manager does not have his rules in hand, no protest can be made. No protest shall be considered on a decision involving an umpire's judgment. Equipment that does not meet specifications must be removed from the game and shall not be the basis for protest. A Protest shall be made as follows:

a) The protesting manager shall immediately, and before the next pitch is thrown, notify the umpire-in-chief that the game is being played under protest.

b) Following such notice, the umpire-in-chief shall consult with the field umpires, if any.

If the umpire-in-chief is convinced that the decision is in conflict with the rules, the umpire-in-chief shall reverse that decision. If, however, the umpire-in-chief is convinced that the decision is not in conflict with the rules, the umpire-in-chief shall announce that the game is being played under protest. Failure of the umpire-in-chief to make such announcement or to consult with the field umpires, if any, shall not affect the validity of the protest.

c) The manager must address a written description of his protest to the Softball Commissioner that clearly identifies the baseball/softball rule in question. This protest must be postmarked or hand delivered to the Softball Commissioner no later than the second business day following the day of the game. The protest must be signed by the organizations Softball Commissioner. A \$50.00 protest fee will be charged with each protest filed. The protest fee will be refunded to the organization only if the Commissioner's ruling is in the protesting team's favor.

13. PUBLISHED PLAYING SCHEDULE

Once the League has promulgated the playing schedule, no modifications shall be made to the schedule except as authorized by the Softball Commissioner. As far as is deemed feasible by the Softball Commissioner, the League schedule is prepared taking into account religious observances, school activities and holidays. Accordingly, no individual games will be rescheduled after the schedule has been promulgated because the scheduling of a particular game is inconvenient for a particular team or because a team anticipates being unable or actually is unable to field sufficient players to avoid a forfeit.

14. PUTTING THE BALL INTO PLAY

- A player, coach or manager may request time out. Only an umpire, in the umpire's discretion may grant time out. Time out begins when the umpire calls time out. Time out ends when an umpire calls play ball.

- Field substitutions can occur during an inning provided an umpire has granted time out.

- No manager, coach, or player, except fielders already in the field and any base runners are allowed to enter onto the playing field at any time without having been granted time out by an umpire.

15. REMOVAL OF AN UMPIRE FROM A GAME

No umpire may be replaced during a game unless injured or ill

16. ROSTERS

Players can only be assigned to one roster in the League. In rare circumstances, an organization may request that an individual be assigned to the roster of teams in two divisions. A waiver must be apply for in writing and approved must be given by the Softball Commissioner. Should the roster rule be violated, all games played with this player will be forfeited. A player can only play for the team to which she is registered. The rosters are closed as of April 24. Prior to that date, players may be added to the rosters of all teams. However, a player is not eligible to play in a game until the Division Director notifies the manager. If the manager is not notified and the girl plays, the game is a forfeit.

In order to be eligible for the playoffs, a girl must have played (batted and either fielded or pitched) in one-half on her team's eligible games

17. ROLE OF UMPIRES

- The Softball Commissioner shall appoint one or more umpires to officiate at each League game. The umpire shall be responsible for the conduct of the game in accordance with the rules and for maintaining discipline and order on the playing field during the game.

- Each umpire is the representative of the League and is authorized and required to enforce all of these rules. Each umpire has authority to order a player, coach, manager or League official to do or refrain from doing anything that affects the administering of these rules and to enforce the prescribed penalties.

- If there is only one umpire that umpire shall have complete jurisdiction in administering the rules. If there are two or more umpires, one shall be designated umpire-in-chief and the others field umpires. Unless otherwise agreed by the umpires and announced to the managers before the game the umpire-in-chief is the home plate umpire. The umpire-in-chiefs duties shall be to take full charge of and be

responsible for the proper conduct of the game and decide when a game should be forfeited.

- If different decisions are made on one play by different umpires, the umpire-in-chief shall call all the umpires into consultation, with no manager or player present. After consultation, the umpire-in chief shall determine which decision shall prevail, based on which umpire was in best position and which decision was most likely correct. Play shall proceed as if only the final decision had been made

18. SCORE BOOK

All teams must maintain and update their scorebooks throughout the entire game. Each Manager is to clarify the score after each 1/2 inning with the umpire. If a team does not keep an updated scorebook throughout the game they may not contest any rule, number of outs, scores, batting order infractions, etc.

19. SCORES

Managers should report scores immediately after every game. They may be required to turn in a completed score sheet after every game - therefore they must keep their scorebooks until the end of the playoffs. A win counts as two points and a game ending in a tie counts as one point for each team. The score of a forfeited game shall be 1-0 unless the non-forfeiting team has scored more than one run prior to the forfeit being called in which event the non-forfeiting team will be credited with all runs already scored.

20. SUSPENSIONS

Any manager, coach, or player who is ejected from a game will be automatically suspended for one game (their next game on the schedule). The Softball Commissioner, based on the nature of the infraction, will determine if a longer suspension is warranted. If a manager, coach, or player from an outside organization refuses or resists taking their suspension, the team that they represent will be expelled from the league. The Softball Commissioner will relieve any St. Anselm manager or coach who refuse a suspension of their duties. Any St. Anselm player who refuses or resists suspension will be dropped from the program. St. Anselm players, managers, coaches umpires and League officials are also subject to St. Anselm's Youth Activities and St Anselm's Parish rules and policies.

21. STARTING AND ENDING THE GAME

- Players and coaching staff are required to be at the field one half hour before the scheduled game time.

- The umpire-in-chief for a game is responsible to see that a game starts at the time scheduled or as soon thereafter as is possible.

- Warm-up on the playing field before the game is available only if time allows and cannot delay a game from starting on time.

- If the beginning of a game is delayed due to the completion of a prior game, the next game shall be started as soon as possible and shall be played to its completion subject to the maximum game time set forth in rule

- Once an inning has begun, the entire inning will be played to completion (or V_2 inning if the home team is winning after the completion of the top half of the inning) regardless of the length of time required to

complete the inning and notwithstanding that the maximum game time may have been reached during the course of the inning.

- An inning ends and a new inning begins immediately upon the third out in the home half of the inning occurring.
- Extra innings can be played to break ties if the maximum game time has not been reached at the completion of the Regulation Innings. If the maximum game time has been reached, the game will be recorded as a tie. Pitching restrictions, if any, shall apply during extra innings.
- If a game ends before the regulation number of innings has been played because of weather, darkness or any other reason, the score will revert to the score at the end of the last full inning of play provided it is an official game. If it is not an official game, the game will be deemed postponed and shall be replayed in its entirety. There are no suspended games.
- Delay of game by a team will constitute unsportsmanlike conduct and will constitute a forfeiture. The umpire-in-chief has sole discretion in this matter.
- The umpire-in-chief shall be the sole judge as to whether and when play shall be stopped during a game because of unsuitable weather conditions or the unfit condition of the playing field; as to whether and when play shall be resumed after such stoppage; and as to whether and when a game shall be terminated after such stoppage. The umpire-in-chief shall not end the game until at least -fifteen minutes after play has been stopped. The umpire may continue the stoppage of a game as long as there is any chance to resume play.
- When a game is postponed the season will resume with the following game on the schedule. Unplayed games will be made up where possible.

22. UMPIRE FEES

Prior to the beginning of each game, (except Popcorn and Explorers), each manager will pay the umpire assigned to the game - \$20.00 per team. In the event of a forfeit, the team that is forfeiting will be responsible for the ENTIRE FEE for the umpire. The umpire must then leave the field. In the event the umpire does not come, the home team is responsible for supplying an umpire. In the case of a forfeit, the umpire should be paid immediately – either by the forfeiting team (if present) or by the other team. St Anselm must be notified immediately if a reimbursement is due.

23 UMPIRES INTERPRETATION OF PLAYING RULES

If there is reasonable doubt that any umpire's decision may be in conflict with the rules, the manager only may appeal the decision and ask that a correct ruling be made. Such appeal shall be made only to the umpire who made the questioned decision. The appeal can only be made if the manager has a copy of the rules in hand and can show the umpire the rule in question. If the manager does not have his rules in hand, no appeal can be made. Discussion will be held at a place on the infield designated by the umpire. Only the umpires, the manager requesting the ruling and the opposing manager shall participate in the discussion. All other persons, except fielders in their usual positions and runners on base at the time, are prohibited from entering on the playing field, unless invited by the umpires. If a decision is appealed, the

umpire making the decision may ask another umpire for information before making a final decision. No umpire shall criticize, seek to reverse or interfere with another umpire's decision unless asked to do so by the umpire making it

24. UMPIRES' JUDGMENT CALLS

An umpire's decision which involves judgment, such as, but not limited to, whether a batted ball is fair or foul, whether a pitch is a strike or a ball, or whether a runner is safe or out, is final. No player, manager, coach, substitute or parent shall object to any such judgment decisions. Any extended challenge or personal insults to the umpires will subject the offender to disqualification and suspension. While we cannot suspend parents, the incident will be report to the parish involved for actions and the parent will be request not to attend future games.

25. WEATHER POSTPONEMENTS PRIOR TO THE BEGINNING OF A GAME

- The authority to postpone a game before it starts is reserved to the Commissioner. If the Commissioner is unavailable, the decision shall be made by the next available League official in the following order: Commissioner for Softball, as appropriate, Division Director for the division involved, and umpire-in chief for that game.

- Usually the decision to postpone a game because of weather or field conditions is not made until game time because the League wants to play all games if it is at all possible. As soon as a decision to postpone a game is made everyone concerned will be notified as soon as possible.

- When a decision is made to postpone a game the Commissioner or the official that has made the decision will notify the managers of the teams involved. The managers will then notify their coaches and players. Regardless of weather all teams are at all times required to be at the field one-half hour before their scheduled game time unless officially notified that a game has been postponed.

As a general rule, no stealing is permitted, unless a team is up by less than 5 runs in which event a player on first base may attempt to steal second base if it is unoccupied. If stealing is permitted, the player on first base is not permitted to leave the base until after the ball has passed home plate. Any player leaving the base early shall be called out. If the fielding team attempts to throw out the player stealing second base, a player occupying third base may attempt to score at her own risk after the throw to second base has passed the pitchers mound. (Missed throws back to the pitcher shall not be deemed an attempt to throw out the stealing runner) The runner stealing second may not further advance unless a play is made on a runner attempting to score. 22. PASS BALL: Runners may steal 2nd on the pass ball if 2nd is unoccupied and their team is not ahead by more than 5 runs.

23. PITCHING: There will be two styles of pitching allowed -- underhand and windmill.

UNDERHAND - Underhand pitching involves the pitcher starting with two feet touching the rubber with her hips and shoulders parallel to home plate. The pitcher would then take one step forward bringing the ball straight back past her hip and then forward releasing it as her second foot leaves the rubber. The pitcher is not allowed to raise her hands above her head prior to delivering the pitch, mimicking a windmill style pitch. The ball will be delivered anywhere from a modified

arc to a straight line. The pitcher must start her delivery with both feet on the pitching rubber. There is no restriction on the length or extension of the back swing

WINDMILL - The pitcher starts with two feet on the rubber. The pitcher is allowed to take one step back prior to delivering the pitch and arms may be raised above the head as this is a basic windmill motion

Windmill pitching is only allowed in the first two innings of a game. A windmill pitcher can pitch a maximum of two innings. Underhand pitchers may pitch an unlimited number of innings. When an underhand pitcher is removed from the mound either during an inning or between innings, she may only return to the mound one more time. When a pitcher is removed from the mound for any reason, she may continue to play in the game at any other position. If a pitcher delivers the ball in any style other than her original declared style, that pitch will be ruled a “no pitch” by the umpire and she and her manager will receive a warning. A second violation will result in the pitcher being ineligible to continue pitching in that game.

If a pitcher is not adhering to the "Pitching Style" rule, an opposing MANAGER only, can approach the umpire with RULES IN HAND, and point out the infraction and ask that the umpire watch for the infraction and issue a warning when observed. The pitcher will only be given one warning. If the umpire observes the infraction a second time, the manager must remove her from pitching. She may remain in the game in another position, but will not be allowed to return as a pitcher. The mound visit(s) due to the infraction will not be counted as "mound visits" as outlined in the rules (#20) for removing a pitcher.

24. PLAYERS: A maximum of 10 players are allowed on the field at one time. There can be no more than four (4) infielders. Infielders must play near the base path. Outfielders must play at least 20 feet from the base path. If you choose to use your 4th outfielder as a short centerfielder, she must play at least 15 feet beyond second base. It is the manager's responsibility to position their outfielders correctly. After two warnings, the offending teams will lose an out in their next at bat

25. PLAYING TIME: All players must play a minimum of (3) three innings in the field. All players must get a minimum of (2) two at bats a game. If this is not accomplished, those players must start the next game. During the playoffs, a violation of the above rule will result in the game being forfeited

27. PITCHER: A pitcher may be removed from her position and return to the mound **one additional time in the** course of the game - (Windmill pitchers can only pitch in the first 2 innings). However, if a pitcher is removed from the game after a second mound conference in the same inning, she cannot return to the line-up as a pitcher. In all cases, a girl that has pitched can return to the game as a fielder. Except in the case of injury (as determined by the umpire), a pitcher must get 2 outs or face 3 batters before she can be removed from the game. There is no limit as to the number of innings a girl can pitch in a week.

28. SLIDE AND SURRENDER

Any runner is out when the runner does not slide to avoid a fielder who has the ball and is waiting to make the tag. The runner is out if she tries to bowl over the fielder by lowering the shoulder, raising

forearm, extending arms toward the fielder, or otherwise running over the fielder. Runners arriving at the base simultaneously with the ball are required to slide or the runner will be called out. Except for 1st base, the slide and surrender rules is in effect for all bases

The Commissioner may bar a player from the League for failure to comply with the League's uniform policy. However, failure of a player to wear one or more pieces of their team uniform to any particular game shall not alone be a cause to disqualify that player from that particular game.

- Sneakers are the regulation footwear. Rubber cleats may be worn. Metal spikes may not be worn in any name or practice.
